

Letter from prof. Kishore Mahbubani to Polish Economic Society.

"The New Asian Hemisphere": the Irresistible Shift of Global Power to the East" has been translated into twelve additional languages. It is widely regarded as the book of reference for those who want to understand the emerging Asian Century. I am therefore delighted that distinguished public intellectuals in Poland have also discovered this book. I hope that someday we will see a Polish edition also. I wish you great success in the discussions.
